On July, 2021 ROBLOX introduced the Free-to-Play Game Pass that allows new players to play online games without having to pay ROBUX.

Although many games on ROBLOX are free, some with "premium" features, others require money for certain features. One example of this is when the players can buy exclusive items that are only available for purchase through Builders Club membership.[53] Before March 2021, premium features were known as paid-for items. As of March 2021, all premium items in a game are referred to as "Builders Club Premium."

There are also people who scam other players by selling items with prices they can't get for items that aren't worth much at all when you try to sell them. I once had someone scam me because of that. They told me their account was hacked and that they could fix it for me if I give them one of my item. So I gave them one and they scammed me. Another problem is when people are posting comments and other players comment back at them about it. There is a lot of spamming going on, but the worst part is there is a lot of inappropriate content that is being made like adult themes, swearing, and inappropriate skins.

ROBLOX has banned thousands of accounts, usually for viral videos made by "trolls" or people who want to annoy other users/admins. Most of the bans these users receive are handed out by administrators but every once in a while a user will get banned for a "troll" video or similar reason. Some are also apparently banned because they made potentially offensive comments in the chatbox, not for any type of post or action that breaks the TOS.

Roblox Help on Steam (Steam Community) - This is a helpful site where you can find help on Roblox games. There are patches and fixes for the Roblox games that have been developed by the community. If you're having trouble with a game, this is where you should start. You can also find links to all of the Roblox games that have been submitted to Steam and nothing has been updated or released in a while. The page is organized in alphabetical order, so there's a good chance it will be easy to find what you need.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.
