The game had a character that was wearing only underwear. The character also had private parts that could be exposed to other players. This resulted in a large number of complaints being submitted to the company and they responded by making the character wear pants. However, the character then became fully covered and was unable to be exposed in this manner anymore.

I have always had problems with this game and there are many other people who do too. Like the fact that you can't change your name when your in a group with a lot of people and it makes me very mad when I can't change it because I feel like I am stuck with the name that I have. This also happens when one of my friends gets on my head and they change their name to a bad word which makes me really mad because if someone else was in the group with us then they would be able to see that bad word in big letters. It also makes me mad for a different reason because I really like my name. Anyway, I hope these bugs get fixed in ROBLOX or the next update of ROBLOX.

The way Roblox works is by creating an account. In this account, you will be able to

make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in Roblox. You can interact with other players that you meet in the game and even chat with them. There are many different categories of games that you can choose from to play and I like this because you have a lot of options to choose from. One thing that I think is great about Roblox is that you do not need to pay any money to play it all the time. This is because you can buy Robux in order to use it for building purposes or for upgrading your avatar. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have to.

I don't really have an answer for you, but I'm sure this is a problem that other people have as well. I think the game needs to be made less serious because people will not want to spend money on fake money (Robux) if they know there's no real value behind those items they purchased with their fake money. The best way to accomplish this would be to make hats, shirts, etcetera for gamers who spend more than a certain amount of money.
